

PERFECT PROTEIN

PRO-ISOBOLIC

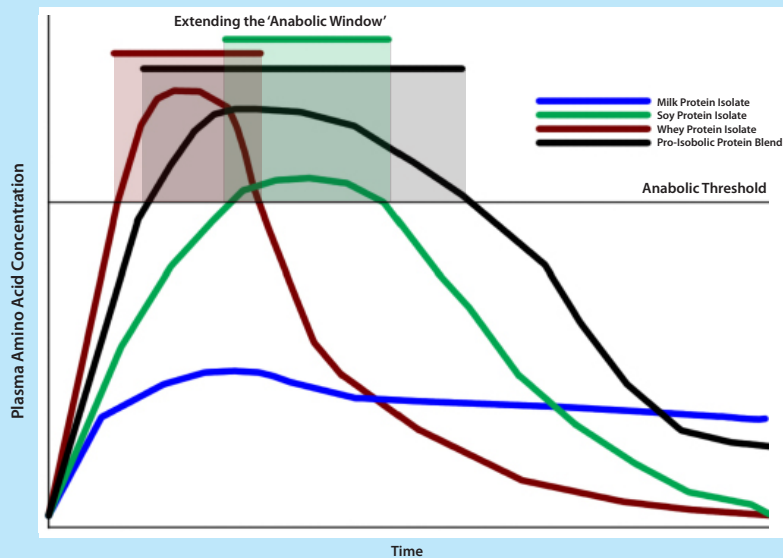

'Time Release' Protein Isolate

OUT PERFORMS SINGLE SOURCE PROTEIN

- High purity engineered blend of fast, medium and slow release protein isolates.
- Ultimate amino acid profile.
- Extended anabolic window of utilisation.
- Improved protein synthesis.
- Very low carbs and low fat.
- No fillers.
- Even greater lean body mass growth when compared to single source protein.
- Instantised for easy mixing.
- Smooth texture and the best taste (even unflavoured).
- Finest quality - only highest purity isolated sources.

'Time Release Concept' of PRO-ISOBOLIC Protein Blend

27.9g Protein per 30g Serving
